STATE OF UTAH. }
County of Salt Lake } ss.

ORDER TO SHOW CAUSE

No. ACT-037-025

BEFORE THE BOARD OF OIL, GAS, AND MINING
DEPARTMENT OF NATURAL RESOURCES in and for the
STATE OF UTAH.

IN THE MATTER OF THE APPROVAL OF THE NOTICE
OF INTENT AND RECLAMATION PLAN SUBMITTED BY
UNION CARBIDE CORP., DEREMO MINE, SAN JUAN
COUNTY, UTAH.

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF
PRODUCTION, MINERALS AND ROYALTY OWNERS, AND
PARTICULARLY ALL PERSONS INTERESTED IN TOWNSHIP
33 SOUTH, RANGE 26 EAST, SLBM, SAN JUAN COUNTY,
UTAH.

Notice is hereby given that tentative approval was given by
the Utah Division of Oil, Gas, and Mining, on December 21, 1978
to Union Carbide Corp., P.O. Box 1029, Grand Junction, Colorado
81501 to commence underground random room and pillar,
trackless, triple-shaft entry, uranium mining operations located
in Colorado with some areas developed in portions of Sections 2,
10, 11, 14 and 15, Township 33 South, Range 26 East, San Juan
County, Utah. Development in Utah includes three ventilation
shafts, a waste-rock dump, an ore pad, and an evaporation pond.
The name of the mine is the Deremo Mine, and the person
representing the company in this matter is Mr. Mel Pembridge,
Union Carbide Corp., P.O. Box 1029, Grand Junction, Colorado
81501.

Union Carbide Corp. has fulfilled obligations under the Mined
Land Reclamation Act of 1975 (Section 40-8, U.C.A., 1953, as
amended), and will employ the following reclamation techniques
on approximately 7 acres of Leases and claims.

During Operations:

- 1) Mining will be conducted in a safe, sound technical and
prudent miner-like manner.
- 2) Future site expansion will salvage topsoil in advance of
development and it will be stored in stabilized and revegetated
stockpiles.
- 3) New access roads will be constructed in a manner
agreeable to the surface owners and to allow for proper drainage.
- 4) Revegetation tests will be employed.
- 5) Seep water encountered during mining will be pumped to
the surface and held be a series of evaporation ponds.

After Operations:

- 1) Surface debris, scrap metal, discarded wood, and
unusable buildings will be buried or removed from the site.
- 2) Portals, shafts, and ventilation holes will be sealed to
prevent unauthorized or accidental entry.
- 3) Dumps, pads and other disturbed sites will be stabilized by
rounding off outer edges, reducing the slope of the rock faces and
regrading drainage contours.
- 4) Compacted surfaces will be scarified, seeded with a
grass-shrub seed mixture in the fall, and drag covered.
- 5) Water evaporation ponds will be reclaimed.
- 6) Reclaimed areas will be monitored and reseeded if
necessary.

Reclamation performance surety will be established upon
final approval of the mining and reclamation plan.

Any person or agency aggrieved by this tentative decision is
hereby requested to submit written protest within 30 days of
December 29, 1978, to the Division of Oil, Gas, and Mining, 1588
West North Temple, Salt Lake City, Utah, setting forth factual
reasons for his complaint, and thereafter, at time and place
heretofore established, appear before the Board of Oil, Gas, and
Mining to show cause, if any there be, why this plan should not be
approved.

DATED this 21st day of December, 1978.

STATE OF UTAH
BOARD OF OIL, GAS, AND MINING
SCHEREE WILCOX
Secretary of the Board

(B-66)

Shana D. Conaty

Being first duly sworn, deposes and says that he is legal ad-
vertising clerk of THE SALT LAKE TRIBUNE, a daily news-
paper printed in the English language with general circula-
tion in Utah, and published in Salt Lake City, Salt Lake
County in the State of Utah, and of the DESERET NEWS
a daily (except Sunday) newspaper printed in the English
language with general circulation in Utah, and published in
Salt Lake City, Salt Lake County, in the State of Utah.

That the legal notice of which a copy is attached hereto
